

REVIEWERS COMMENTS CHANGES MADE

The Editor in Chief,
Journal of Microbes, Infections and Chemotherapy

Dear sir/ma,

Having received your notification to your decision made by the reviewers on our original research article entitled “**CHARACTERIZATION OF BIOSURFACTANT PRODUCING BACTERIAL STRAINS ISOLATED FROM AGRO-INDUSTRIAL WASTES IN SOUTHWESTERN, NIGERIA**” by **Onajobi I. B., Adeyemi J. O., Orji F. A., *Samson O. J., Egberongbe H. O., Aina S. A., Afolabi O. T., Adebajo L. O., Fagade O. E.**, considered for publication in the Journal of Microbes, Infections and Chemotherapy.

I hereby write to you that all the corrections and changes indicated by the reviewers in the attached file have been effected sensitively and meticulously. Here is the changes status from the reviewer to our work:

S/N	Reviewers Comment	Status
1	Would be helpful to include statistic for this	Correction to statistics made
2	The usage of ‘treasures’ is not suitable in technical writing to describe the main aim of study.	Suitable word instead of ‘treasure’ used
3	Format	Effected
4	Include concentration	Concentration added
5	Unclear, Please describe	Description made
6	Must include reference for this	Reference included

Furthermore, I hereby write that on behalf of the authors that this is order of author names arrangement for the research manuscript:

Sincerely,

Oyindamola John Samson
